About Ms. Hanson
I have 2 children - Bryson (2) and Page (one year old).

I graduated from Case Western Reserve University in Cleveland, OH with a B.A. in Elementary Education. I am also an avid reader of Mathematics and Early Childhood Education. This will be my first year teaching, and my 10th year teaching Kindergarten. I love what I do, and I am very proud to be part of a staff that cares deeply about children, believes that all children can learn, and who work hard to help our students do their very best!

Kindergarten with Ms. Hanson
Where kids learn, play and grow.
